List of corrections

Order EC-SAMPLE-0001 · prepared 2026-11-17. The documents and product data you uploaded were compared with each other and with what the order needs.

Please add or correct

1. Documents: 0 file(s) uploaded; the order needs: Company registration document (business licence or certificate of incorporation); Identity document of the director; Proof of the company's address (if it differs from the registration document); Product photographs from every side, including the existing label and packaging; Test reports and certificates you already have; The existing user manual or instructions, if there is one.

Upload the missing items through your personal link; the set is prepared again from the complete data.
