Instructions for use

This document gives the safety information. The instructions and safety information that must accompany the product are those required by the Union harmonisation legislation that applies to it (Regulation (EU) 2023/1542). The instructions for use are the manufacturer's own and accompany the product in the same languages.

What the online offer of the product must show (Article 19)

Where the product is made available on the market online or through other means of distance sales, the offer clearly and visibly indicates at least:

1. the name, registered trade name or registered trade mark of the manufacturer, and the postal and electronic address at which the manufacturer can be contacted: Example Trading Co Ltd, 1 Example Road, Shenzhen, China, info@example.com
2. where the manufacturer is not established in the Union, the name, postal and electronic address of the responsible person: LexorcorpGL OÜ, registry code 12306632, Punane 6, 13619 Tallinn, Estonia, info@micaconsult.com
3. information allowing the identification of the product, including a picture of it, its type and any other product identifier
4. any warning or safety information to be affixed to the product or to the packaging or included in an accompanying document, in a language which can be easily understood by consumers, as determined by the Member State in which the product is made available on the market — the warnings above

The text is given in the languages you named. The language required is the one determined by each Member State in which the product is made available on the market (Regulation (EU) 2023/988, Article 19(d), and the Union harmonisation legislation that applies to the product); check that every market you named is covered.
